EX-MAYOR SAYS HE IS NOT AFRAID

Heck is Willing to go Back To Floyd Court-House.

PLANS FOR DEFENSE.

Accused Ex-Official Alleges Reports in Circulation Are Not Altogether True.

Roanoke, Va., Nov. —Wesley H. Terry, the Floyd Courthouse citizen, who was brought here from his home town because, it is said, the Commonwealth's atorney feared attempts might be made to do him violence after his arrest Thursday morning on a warrant charging him with an attempted assault on the fifteen-year-old daughter of B. S. Pedigo, clerk of the Circuit Court, says a grave mistake has been made in the charge against him and that he will be able to clear things up when he is arraigned for preliminary hearing.

Terry, a man said to be sixty years old or more, does not appear to be more than fifty-five. He is well dressed, talks well, and while exhibiting more or less nervousness in his movements, gives no hint in his voice of being under strain. He said today that he expects Brown Howard and Valentine Sowders, well known attorneys, of Floyd, to come to Roanoke to take charge of his case.

Terry says he has no fear of being roughly handled in Floyd, and was willing to remain there until he had a hearing. He is ready to return to his home as soon as the authorities will allow it. He says sensational reports sent out about the case are not altogether true, and that he fears nothing at the hands of neighbors. He did not appear inclined to discuss details of the charges against him pending the arrival of his attorneys. When asked why he was not placed in the Christiansburg jail, he replied that he did not know.

The sensational news from Floyd created a great deal of comment here. Hundreds of persons in Roanoke, wh oeither have lived or visited Floyd, know Terry and the Pedigo family and are loath to express an opinion in the case until more definite information is had concerning details.

RELICS FOR WHITE HOUSE.

Articles Belonging to Presidents Tyler and Van Buren Added.

After a search covering several years, Mrs. Abby G. Baker, in charge of the White House collection of historic circles, has placed in the Cabinet's household relics of the administrations of Presidents Tyler and Van Buren. Mrs. Wilson has taken a deep interest in the collection, which includes dishes and persona. effects used by former occupants of the White House and has expressed her thanks to the donors.

The President Tyler relics was the gift of Mrs. William M. Ellis, of Shawsville, Va., and is a dinner plate, one of a set especially prized by President Tyler. In addition, Judge D. Gardiner Tyler, a son of the President, who lives in Sturgeon Point, Va., has advised Mrs. Baker that he is sending two silver fruit baskets, which were used in the White House and which were rescued from the ashes of the Tyler home when it was burned after the surrender of Richmond in the civil war.

Mrs. Helen Singleton Green, of Columbia, S. C., furnished the Van Buren relic, a handsomely engraved silver water pitcher, a gift from Benjamin F. Butler, to the President. Mrs. Green received the pitcher from her aunt, who was the wife of President Van Buren's son and who for two years served as "Mistress of the White House," President Van Buren being a widower.

Justice A. Crawford Smith, at the Eastern Police Station, Baltimore, could not tell why his court room was all a-twitter at yesterday morning's session until he looked at Theodore Peter's, a prisoner, and saw the tail and hind legs of a rat sticking out of the stranger's mouth. As the migistrate stared the prisoner apparently swallowed the rat and put another in his mouth. He was ordered from the court room. He was charged with being disorderly and was waiting to be heard during his exhibition.

A postmortem examination of the body of Miss Edna Larry, of Au Gres, Mich., who was supposed to have committed suicide, disclosed that she suffered a most peculiar and horrible death. The girl had been sent on an errand. She carried a phial of carbolic acid in a pocket over her breast. She had been using a dilution of it for sore throat. The cork came out, spilling the liquid on her breast. The physicians stated that the poison ate its way through her flesh into her heart killing her.

RAILROADS PAY THEIR STATE TAXES

Richmond, Fredericksburg and Potomac Railway Is Assessed $41,00.

CHECK FOR $200,000.00.

Penalty After Today—Corporations Making Annual Settlement—Large Sums Received.

Richmond, Va., Nov. 1.—For the first time since its organization, the Richmond, Fredericksburg and Potomac Railroad Company yesterday paid without contest the taxes assessed against it by the State of Virginia, through State Corporation Commission. A check for $41,468.02, the amount of taxes accruing to the state on the property and franchise of this railway for the year 1913, was handed to the State Auditor of Public Accounts and turned over by him to the State Treasurer.

Under its original charter, granted to encourage railroad building in Virginia, the Richmond, Fredericksburg and Potomac Railroad Company was exempted from all taxation. Several years ago, when the railroad double-tracked its line and condemned a new right-of-way, the state made the claim that it had abandoned its exemption and instituted suit for taxes. A compromise was effected last year, after the fight was waged through the courts and legislature, by which the State was paid about $350,000 and the Richmond, Fredericksburg and Potomac Railroad Company was given a new charter without exemption from taxation.

In a rush to settle State taxes before the time limit expired, public service corporations paid into the state treasury a total of about $140,000. A check for $199,018.89, representing the taxes due from the Chesapeake and Ohio Railway Company, was brought to the State Auditor's office too late in the afternoon to be deposited in bank by the State Treasurer and accordingly it was placed in the office safe over night without being set down to the credit of the railway. The Chesapeake and Ohio Railway will be accredited with paying its tax today.

Steam railways are required to pay the state levies before midnight tonight. Other public service corporations are allowed until November 31 to settle their state taxes. State Auditor Moore has decided that checks mailed at any time today, although not reaching his office until Monday, will be accredited as having been received on November 1. A penalty of 5 per cent will be added to all taxes not paid by midnight.

Railways to pay their state taxes yesterday were Virginia Railway and Power Company, $39,730.84; Washington Southern Railway, $17,897.71; Richmond and Petersburg Connecting Company, $682.31; Virginia-Southern Railway, $673.24; Potomac Railway Company, $503.59; Chesapeake and Western Railway, $1,187.94; Chesapeake-Western Railroad, $52.51; Norfolk Terminal Railway, $11,031.53; Winchester and Potomac Railway, $1,560.09; Winchester and Strasburg Railway, $2,343.08; Valley Railroad, $4,259.09; Norfolk Southern Railway, $12,502.33; Richmond and Henrico Railroad, $2,695.84; Norfolk Railway and Light Company, $2,579.15; Newport News and Old Point Railway, $5,013. 83.

DRIVING TYPHOID FROM THE STATE

Cases of Tuberculosis Are Also Shown to be Decreasing.

PELLAGRA ALARMING.

Virginia Takes Lead in Newly Diagnosed Diseases Over Other States—Births Exceed Deaths.

Richmond, Va., Nov. 1.—Marked decreases in the ravages of fever and tuberculosis and an alarming spread of pellagra are the salient health conditions in Virginia disclosed by the first annual report of the bureau of vital statistics, which was forwarded to Governor Mann yesterday with the annual report of State Health Commissioner, Dr. Ennion G. Williams. In thirteen years the number of deaths from typhoid fever has fallen from 914 in 1900 to to 518 in 1913, although there has been a material increase in population during that time.

In pellagra, which was only recently diagnosed, the State Board of Health candidly admits that it faces one of the most serious problems of public health in this state. There were 145 deaths from this disease in Virginia in 1913, one-fourth as many as from typhoid fever, making a rate of 6.8 victims per 100,000 of population. This is six times more than the average rate in the rest of the State.

"Unless the cause of this pellagra and its prevention are shortly discovered," says Dr. Williams, " the State Board of Health will find it one of the most serious disease it has to fight." The mortality of pellagra is practically 100 per cent.

The success of the fight against tuberculosis is shown by a decrease in the number of cases in the state, although the white plague remains the greatest scourge of all.

Tuberculosis, despite the reduction made in its ravages, continues to head the mortality list. It claimed a total of 3.524 victims in 1913. These deaths were divided as follows: total deaths from pulmonary tuberculosis, 3,146, of this number 1,426 being white and 1,728 colored; death from other forms of tuberculosis, 387. The baleful feature of these figures is the fact that tuberculosis claimed more negroes than whites, although the whites outnumbered the colored population of the State more than two to one. The rate for whites is 98.4 per 100,000 population, being 39,6 les sthan the general average in the States reported to the Federal government. The rate for the negroes is 256, three times the rates for the whites. The State rate is 148, which is ten times greater than the rate for the rest of the country. The terrible mortality among the negroes is responsible for this abnormal State rate.

The directors of the bureau of vital statistics estimate that fully 90 per cent of the deaths which occurred in the State in the twelve months from July 1, 1912, to June 30, 1913, have been reported, but figures that only about 80 per cent of all births were reported.

The report shows that there were 28,491 deaths in Virginia during the period, divided as follows: whites, 16,508; colored, 11,982. This gives a death rate of 11.4 for the white population 19.1 for the colored population, and a State rate of 19.42. This is an exceedingly gratifying death rate, being far lower than the average for the rest of the States.

Further subdivision of the mortality figures show the following:

Deaths from tuberculosis, 3,446.
Deaths from typhoid fever, 518.
Deaths from diphtheria, 256.
Deaths from pellagra, 145.
Deaths from pneumonia, 2,118,
Deaths from infant diseases, 5,469.
Homicides, 245.
Suicides, 134.
Accidental deaths, 1,266.

ENGINEER SCALDED TO DEATH.

Caught Under Engine Which Fell Over 20-Foot Trestle.

Unable to free himself, William P. Gladden, an engineer of the Pennsylvania Railroad, was scalded to death yesterday when his engine toppled over a 20-foot trestle at the Washington Gas company's Plant. Fireman J B. Burch jumped from the engine just as it was leaving the bridge and sustained painful but not serious injuries.

The engine had backed a string of loaded cars up to the coal chute and after uncoupling started back. A fish plate connecting two rails on the trestle broke, causing the rails to spread. The engine went along 8 or 10 feet on the ties and then toppled off the trestle, falling on its side to the ground. The tender turned completely over.

Glidden was 32 years old and was unmarried. He had lived here for a number of years.

METHODIST MEN.

Campaign of Personal Evangelism Planned.

Indianapolis, Ind., Nov. 1.—After adopting a new denominational policy by unanimous vote, the first national convention of Methodist Men, which has been in session here since Tuesday, adjourned last night after the large audience had spent an hour in prayer for the success of the new movement. The convention was the largest semi-official Methodist meeting ever held in America, it was declared by officers of the church.

The new policy adopted, in brief, declares for a campaign of personal evangelism; for the bringing up of the youth in the church; for the dedication of one-tenth of their income to the church; for the hearty support of all boards created by the church; to assist in civic, industrial, and educational uplift, and to reaffirm the action of the general church on higher education; for large funds for poorly paid ministers and for the cause of transference.

A resolution was adopted declaring for the restoration of the Bible to the public schools.

SOUTHERN TRAIN IN AN ACCIDENT

Runs Into Siding and Engine and Cars Are Derailed.

NO SERIOUS INJURIES.

Richmond Commuters Compelled to Wait Two Hours For Clearing of the Track.

Southern Railway passenger train No. 17, known as the Birmingham Special, which passed Alexandria yesterday afternoon, last night at 6 o'clock, ran into an open switch near Granite station, in Chesterfield county, six miles from Richmond, and was derailed. Passengers and trainmen were badly shaken up, but no one was seriously injured, and after a new engine had been sent from Richmond, the train proceeded South. Commuting passengers for Bon Air and other points along the Southern Railway were delayed about two hours.

The Cox and Cumberland Company, of Knoxville, general railroad contractors, engaged in extensive work for the Southern Railway in South Richmond, had installed a temporary siding at the point indicated and placed steam shovels there to load earth on cars for the purpose of making embankments. Through some oversight the switch was left open last night, and the southbound train on the single track plunged headlong into the siding. That no one was injured was considered remarkable, and only prompt action of the engineer prevented a serious catastrophe.

As it was, the train was completely side tracked, its engine and forward cars derailed and the engine-wheels buried deep in the soft earth. The construction company had located a telegraph office at the siding, but it was closed. The train conductor found that two passengers knew something of telegraphy, and after the office had been forced open, Alexander Neal, an employe of the Virginia-Carolina Chemical Company, opened the key and sent a call for assistance to Richmond. A new engine was sent out and, after all the passengers had been required to get off for fear of injury, the Pullmans and day coaches were carefully pulled back from the temporary siding and pushed along to Bon Air station, where the new engine took its place ahead of the train and continued South. The derailed engine was left to the later attention of a wrecking train.

It had not been determined last night whether blame for the open switch lay with railway employes or with those of the construction company.

INSECT DESTROYER.

Voracious Virginia Marsh Bird Devours Snakes, Scorpions, and Fish.

Madison, Wis., Nov. 1.—Results of a scientific investigation of the capacity of birds to destroy insects were announced today at the University of Wisconsin by A. R. Cahn, assistant in the zoological laboratory.

A Virginia wren, a marsh bird of 1-2 pound weight showed the most remarkable ability for devouring pests. In one day the bird ate 144 amphopids, 12 grasshoppers, 12 meal worms, 3 waterbugs, 1 water scorpion 3 inches long, 2 small sun fish 1 1-2 inches long, 1 stickleback, a fish 2 1-2 inches long, 1 caterpillar, and 15 flies. The second day, in addition to the menu of the day before it ate 5 live hornets, 1 crawfish 2 inches long, 1 frog 1 1-2 inches long, and 1 grass snake 8 inches long.

The snake caused the bird some worry. But after the bird tried eight times to swallow the snake alive it finally killed the reptile and gulped it down.

In the two days the bird ate more than its own weight.

SOCIAL AND PERSONAL

Interesting News Notes About People of Alexandria-- Happenings in Society.

A Halloween party was given by Mrs. George R. Hill at her residence, 617 south Washington street last night in honor of Miss Collins Jones, and was a most enjoyable affair. After meeting at the Confederate Monument on south Washington street, the boys and girls proceeded to the residence of Mrs. Hill where a bonfire was out in front of the huose to show the place. There they were met by ghosts, who showed them through the house.

Then pads and pencils were given out and the young people went around feeling and smelling different objects, which were numbered; wrapped in orange-colored paper. They wrote down what they thought these objects were and handed them in. The only two who guessed them all were Browse Burke and Bruce Morton. The prize was awarded to Browse Burke by drawing straws.

After playing games, bobbing apples on strings and in water, and getting their fortunes told, the guests were made to walk around the house backwards until they came to two long tables piled up with fruit, candy, cake, and sandwiches, where they were served with hot chocolate. Then they popped corn and roasted chestnuts before an open fire, until time to leave.

A dance was given in the gymnasium of the Y. M. S. L. Hall last night. The hall was beautifully decorated in autumn leaves and the colors and symbols of Halloween. The chaperones were Mr. and Mrs. Joseph C. Gates. Those dancing were Miss Madeline Byrne, Miss Mildred Hellmuth, Miss Mary Ewald, Miss Pauline Hellmuth, Miss Pearl Schwarzmann, Miss Anna Ewald and Miss Ellen Patterson. Mr. Lee Donnelly, Mr. Cornelius Hill, Mr. William Miller, Mr. James Patterson, Jr., Mr. Raymond Hellmuth, Mr. Robert Myers and Mr. Daniel Bowers, of Washington.

Miss Emma Carter and Mr. Gardner Carter are entertaining a weekend house party at their home in Charlottesville for the Virginia-Vanderbilt game which will be played today. Among their guests are Miss Christina Kemper, of Rosemont, and Mr. W. H. T. Brooke, of this city.

Miss Janet Gronau has returned to her home in north St. Asaph street, after a visit with relatives in Baltimore.

FESTIVE HALLOWEEN

Streets Alive With Merrymakers Several Parties Add to Joys of Occasion

Scenes in some Alexandria streets last night were suggestive of Easter night in Rome or Venice in bygone years, when everybody who could procure a mask mingled with the crowd of merrymakers.

So far as could be learned, practical jokers were by no means annoying, and all seemed disposed to obey the orders of Mayor Fisher. Apart from innocent pranks of small children nothing occurred to cause protest.

In olden times it was assumed that no one had any rights the merrymakers were bound to respect, and often panels were knocked from doors by thoughtless youths who used cobblestones as missiles.

Last night's festivities were devoid of anything like this, and the police looked on as the young and old surged by.

The Halloween spirit was more in evidence than in many years. Hundreds of children and many adults, dressed in fantastic costumes,appeared soon after dark and started the fun.

Members of the American Indian Guards band, in costume, gave a street parade, followed by scores of youngsters disguised for the occasion and later proceeded to the Young People's Building, where an entertainment was given. Members of the Collingwood Club, four miles below this city on the Potomac, gave their annual Halloween dance at the clubhouse, and many other clubs kept open house.

There were numerous private Halloween parties.

The party given by the Epworth League of the M. E. Church South, was one of the most enjoyable ever attended in that building. The Boys' Band added to the enlivenment of the scene, and Misses Marguerite Field, Julia Demaine, Harriett Pollard, Mrs. Hulfish and Master Schwab,who participated in entertainment,performed their respective parts in a creditable manner.

The dance at the Collingwood Club was one of the largest ever given by this popular organization. It was attended by 150 members of the club and their friends. Special cars were used in transporting the guests to and from Alexandria. The grounds and club house were attractively decorated. Dancing and games were indulged in during the evening and a bountiful supper was served.

SPORTING GOODS.

Attention is directed to the advertisement of R. E. Knight and Son elsewhere in the Gazette. This firm has purchased one of the largest lines of sporting goods that have been displayed in this city for years. Besides all the modern guns, gunning coats, vests, etc., they carry a full line of gymnasium goods.

At the meeting of the grand commandery, Knights Templar, which closed in Richmond Thursday, J. Johnston Green, of this city, was elected grand senior warden.

LARGEST DEED IS FILED

Giant Corporation Which Controls Electric Railways and Public Corporations

The largest deed ever filed for record in the courts of Alexandria was entered today when Gardner L.Boothe secretary and attorney of the Washington Utilities Company, the giant corporation which was formed to control the electric railways and public service corporations of Northern Virginia and the District of Columbia, placed on recard a deed transferring from the Utilities Company all of its property in Virginia to the Washington-Virginia Railway Company. The latter company received a charter on October 15th last, and bears the same name as the corporation which was chartered in 1910 to succeed the Washington, Alexandria and Mt. Vernon Railway Company., but which went out of existence when the Washington Utilities Company was organized.

While the value of the property is not given in the deed it is stated that it is approximately $2,500,000.

With the filing of the deed the Washington Utilities Company will remain in name only and effective today the electric lines extending between Washington, Alexandria and Mt. Vernon as well as those from Washington and Georgetown to Falls Church, Arlington and Fairfax Courthouse will be known as the Washington-Virginia Railway Company.

NEGRESS ON THE RAMPAGE.

Masqueraded as a Man and Attacks Saloonkeeper.

The only breach of the peace on Halloween night, so far as can be learned was committed by a young colored woman named Isabel Slaughter. She started out by getting drunk, and after donning male attire proceeded to the "'Petersburg" neighborhood where her conduct attracted so much attention that the police were obliged to take her in charge. While the officer had hold of the frantic woman she assaulted the proprietor of a saloon she happened to meet, and held on to him with such strength that it took some trouble to break her grip. She managed to kick her victim several times which so enraged the boniface that he slapped her.

The woman attracted general attention on her way to the station house and made the night hedious after having been locked up.

She was brought before the police court this morning and sentenced to serve ninety days in the workhouse.

POLICE COUT NOTES.

Ethel Garrett, colored, was charged this morning with stealing five dollars and a piece of lace from Mrs. Madie Reichart. She acknowledged her guilt and was fined $10.

P. J. Williams was fined $5 for disorderly conduct.

Isabel Slaughter, colored, charged with drunken and disorderly conduct, was sent to the workhouse for ninety days.

There was a false alarm of fire this morning.

NEWS OF THE OLD DOMINION

NEGRO GETS OFF EASILY.

Threatened by Court With Life Sentence if he Offends Again.

Winchester, Va., Nov. 1.—Ben Turner, a Winchester negro, barely escaped being sent to the Virginia penitentiary for life Wednesday. He had been indicted for breaking into a house, tenanted by Henry Lowe, but when the case was taken up it was found that the indictment had been returned upon rather flimsy evidence, and he got off with thirty days in jail. Judge T. W. Harrison told Turner that if he ever was convicted in this state for any crime punishable by a state prison sentence, Turner may never expect to leave the penitentiary alive, as he has already served two terms in the Richmond prison, and whenever a person is sent there for the third offense it is for life.

Given Seven Years.

Luray, Va., Nov. 1.—Charged with being implicated in the murder of Oswald Gray, Emanuel Alger was given seven years in the penitentiary by a jury in Luray at a late hour Thursday night. The verdict came as a surprise to friends of Alger, many believing he would be acquitted.

The elder brother, Thomas Alger, confessed to the crime, saying that Emanuel had no part in the tragedy. Counsel for the defense announce that the case will taken to the Supreme Court. Thomas Alger will be placed on trial in a few days. Leon, the younger brother, is also awaiting trial.

Statewide Issue.

Winchester, Va., Nov. 1.—The question whether Virginia can collect taxes on the capital stock of a corporation chartered in another state and conducting part of its business in this State came up for the first time yesterday before Circuit Judge Thos. W. Harrison who took the matter under consideration.

The outcome will be far-reaching in Virginia. The State Auditor directed Revenue Commissioner Roe to assess the capital stock of the M. J. Grove Lime Company, of Maryland, for taxation, because the company operates a plant in this county. The company contends that the capital stock is owned in Maryland, that it has paid taxes on its property here and that its capital stock is not liable to taxation in Virginia.

A force of 600 revolutionists Thursday rounded up, tortured and killed 47 out of 50 mounted policemen sent from San Luis Potosi, Mexico, to protect a ranch 20 miles to the west. Their mutilated bodies were in many cases hung on trees.

Justice King, of the Maine Supreme Court, granted a decree of divorce to Virginia Sims Evans Sewall, of Washington and Bar Harbor, from Harold I. Sewall, of Boston, yesterday. She is the daughter of the late Admiral Robeley D. Evans. Custody of an 8-year-old-child is to be shared the husband to pay $100 a month for its maintenance. Cruel and abusive treatment was alleged.

ONE BROTHER ADMITS MURDER

Thomas Alger Confesses Crime, Claiming Self-Defense.

Luray, Va., Nov. 1.—Mounting men and women by scores are swarming Luray, awaiting the jury's verdict in the trial of Emanuel Alger, who, with his brothers, Thomas and Leon Alger, is charged with the murder of Oswald Gray.

Emanuel Alger is being tried separately, although Thomas, who was placed on the stand, confessed to the murder, telling in detail how he slew young Gray and claimed the deed was done in self-defense. Although illiterate, the Alger boys made good witnesses, telling an apparently straightforward and consistent story of the events leading up to the tragedy, when Gray was disembowled in the darkness on a lonely mountain path.

Among the sensational features developed was the charge by Commonwealth's Attorney Keyser that Mrs. Seldon Courtney, sister of the Alger boys, had prepared and rehearsed written testimony to be given by Misses Lily Berry and Lula Sisk, who were present when the murder was committed. The confession of Thos. Alger to the killing came as a surprise. It was apparently made to break the chain being forged about the three brothers.

Ambrose L. Henkel Buried.

Harisonburg, Va., Nov. — The funeral of Ambrose L. Henkel, 61 years old, former editor of the Shenandoah Valley, a weekly paper published at New Market, was held yesterday from Emmanuel Lutheran Church, New Market. Rev. William J. Fincke conducted the services. Mr. Henkel died Monday night in a hospital in Philadelphia. He was a son of the late Rev. Socrates Henkel, a Lutheran minister. He was a member of the board of trustees of Roanoke College and of the Lutheran Orphan's Home in Salem. He was secretary of the Shenandoah electoral board. He leaves two brothers, Elon O. Henkel and Otto H. Henkel, of New Market.

Accident to a Carpenter.

Norfolk, Va., Nov. 1.—Riding his bicycle down Brewer street with his hand on the front guard rail of a street car and talking to the motorman, John Murphy, a carpenter, living at 3, Riverside, slipped under the wheels of the car and had his leg cut off near the ankle. He was hurried to St. Vincent's Hospital in an automobile, and it was said that his condition is not serious.

Mr. Murphy caught up with the street car on Queen street, between Bank and Brewer streets, and was riding down town with his hand on the front of the car. While he was talking with the motorman it is supposed his front wheels struck one of the cobble stones causing it to skid and throw the rider at the corner of New street. The motorman and some of the passengers saw Mr. Murphy disappear and then felt the jar from running over something. The car was stopped and it was found that Mr. Murphy's leg had been cut off near the ankle. He was sent to the hospital as quickly as possible.

DENIAL BY ORGANIZATION.

Politics in Norfolk Becoming Exciting as Election Draws Near.

Norfolk, Va., Nov. 1.—Norfolk's political campaign took a new turn yesterday, when organization campaign committee published a whole page advertisement in a local paper purporting to show that statements made by candidates of the Citizens' party, relative to the financial condition of Norfolk, were misleading. The committee quoted Judge Thomas H. Willcox and Robert B. Tunstall, two of the most prominent lawyers and financiers of the city, to prove their statements. The Citizens' party, feeling the effect of literature circulated against Catholics, issued a paid announcement in the press declaring it had no connection with such circulars. The literature is said to have been circulated in the interest of the Citizens' party, but it drove many supporters from its camp. City Treasurer B. Gray Tunstall, in a speech last night, declared R. V. Steele, chairman of the Citizens' party campaign committee, and one of the best known business men in this city, only paid $8 personal tax a year. James V. Trehy addressed two immense gathering in Ghent and Atlantic City Thursday night, and declared he would be re-elected.

The Citizens' party candidate held a meeting in Park Place and Berkeley. The Hebrew Political Club, at an enthusiastic meeting, indorsed the organization candidates. It was reported several days ago that this organization would support the Citizens' ticket.

PATRONAGE FIGHT STARTS.

Contest Over Virginia Offices Between Organization and "Antis."

The fight for the big Federal appointments in Virginia, has opened in earnest. Senators Martin and Swanson called at the Treasury Department yesterday and urged Secretary McAdoo to recommend Peyton St. Claire, of Giles County, and R. C. L. Moncure, of Stafford county, for collectors of internal revenue of the Western and Eastern Districts of that State. They also endorsed Norman R. Hamilton, a Norfolk newspaper man for collect- of of customs of the Virginia district. These men are opposed by the "anti-organization" faction, headed by Congressmen Glass, Jones, and Montague. They have endorsed John M. Hart, of Roanoke, for collector of internal revenue for the Western district, and Mr. Davie, of Henrico county, for collector of the Eastern district. They are also supporting Captain Curtis, of Newport News, for collector of customs.

A SECOND WHITE HOUSE.

"I shall build me a place in Washington that will be like the White House, yet unlike it; that will be more beautiful more magnificient and expensive, and more impressively situated."

In making this remark the bottle king (for it was none other) had in mind a tusk which nobody else seems ever to have thought of undertaking. During the last twenty years the city of Washington has become the Mecca of the millionaries, of whom many have built for themselves magnificient residences. But none of the latter up to now has attempted to rival or copy the historic mansion on Pennsylvania avenue which has been the home of all save one of our Presidents.

It must be owned that the bottle king has at least measurably accomplished his ambition. His dwelling, now approaching completion, which stands on Sheridan Circle and overlooks Rock Creek, will cost $1,500,000—six times the amount of money spent in the original construction of the White House. It is built of a beautiful white limestone, quarried at Bowling Green, in the state of Kentucky, which has much the same appearance as marble, but is more lasting. The White House (standing on low ground) is of brown Virginia sandstone, a rather friable material, painted white. There is no great difference between the two in point of size, but the bottle king's mansion, perched on the immediate edge of a precipitous bluff 75 feet in height, is clearly in view from several points of the compass at a distance of miles.

One naturally asks, who is the bottle king? The answer is that his name is Edward H. Everett, and that he is the head of the Bottle Trust. Most people have never heard of this industrial organization, yet it is a big affair. One reason why so little is known about it is that it modestly avoids self-advertisement. While timidly engaged in hiding its light under a bushel basket, so to speak, it has already absorbed most of the bottle factories in this country, and with reasonable luck it expects eventually to swallow them all. Everybody who uses things that come out of bottles should be interested in the Bottle Trust and the doings of the bottle king.

Before the bottle king went into the bottle business he struck oil in Texas. It was a ten-strike at that. Coal Oil Johnny in his palmiest days never dreamed of such money as Edward H. Everett took out of the ground in the Lone Star State. Unlike his prototype, he held on to what he made, used it to buy more oil-producing land, and then some, keeping up the performance until he has accumulated an enormous fortune.

But all of this, mind you, with the same quiet refraining from self-advertisement that is exhibited by the Bottle Trust under its prudent and unostentatious management.

NEGRO KILLED BY POSSE.

Alleged Highwaymen Were Run Down After Several Bold Robberies.

Wadesboro, N. C., Nov. 1.—An unknown negro, one of two alleged highwaymen, was shot to death by a sheriff's posse under command of Sheriff Lowery of Anson county Tuesday afternoon about 5 o'clock on the main highway leading into Wadesboro.

The killing by the sheriff's posse of the unknown negro was the result of three desperate and partially successful attempts at highway robbery when three country wagons, all driven by negroes, were held up by two unknown negroes and some money secured. The holdups occurred along the main highway, but at different intervals. The driver of the last wagon held up, Simon Dennett, attempted to escape from the highwaymen in flight and was shot three times and dangerously if not fatally wounded. News of the robberies was taken to Sheriff Lowery at Wadesboro. The sheriff immediately formed a posse of some six or seven men and started in pursuit. The negroes were overtaken near the scene of their alleged crimes and one of them fell at the first volley from the posse's guns The other negro succeeded in escaping. On the dead negro were letters or memorando which indicated that he either lived at Whitney or had been there.

Brig. Gen. William Crozier, chief of ordnance, of the United States army, and Miss Mary Williams, daughter of the late Mr. and Mrs. Charles Augustus Williams, of Washington, D. C., were married quietly at St. George's Church, Hanover square, London, yesterday.

KILLED IN A QUARREL.

Fireman of Steamer Scoots Engineer in Row Over Keeping up Steam.

Bowling, Green, Ky., Nov. 1.—Thomas January was instantly killed in the Green River locks at Woodbury, Butler county, near this place, by Aaron Blancett. January was Engineer and Blancett was fireman on the steamer Talbor, a towboat. They got into a row over the keeping up of steam. January ran Blancett up on the roof of the boat near the captain, who made Blancett return to his work. As he descended the steps he picked up an automatic shot gun, and when coming in sight of January at the head of the boat, he met Blancett with a pistol in his hand. Blancett shot January twice, once between the eyes, taking away his nose and part of his brains and one just over the heart, leaving a hole as large around as a goose egg. Blancett ran, making his escape, and as yet has not been captured.

NEWS OF THE DAY.

Determined the bichloride of mercury poison he had swallowed in the presence of his wife and mother-in-law should produce death, as he desired, James W. Sampson, thirty-three years old, a painter, of Washington, last night fought Dr. Kelly, of Casualty Hospital, and several neighbors when an attempt was made to give him antidotes. Shortly before 8 o'clock Sampson went to 8 North Carolina Avenue southeast to see his wife. In the presence of Mrs. Sampson and his mother-in-law it is declared, he deliberately chewed up and swallowed five five-grain bichloride of mercury tablets. As it was more than an hour after he had swallowed the poison before antidotes could be given him, little hope for Sampson's recovery is entertained. Sampson told physicians at the hospital he had had domestic trouble and was unhappy because his wife and two children had left him.

The headless body of a boy yesterday afternoon was pulled out of a gravel bank on Atwater avenue, Cleveland, O., by a steam shovel being used in excavation work. Police, after examining the body, were of the opinion that the head had been severed from its for some time. The head is being sought to aid in identification.It is thought the body may be that of Joseph Sobozak, nine years old, who has been missing from home since June 14. His parents said that he had been drowned in the Newburg Asylum creek. Later the head was dug out and the body identified as that of the Sobozak boy. The coroner said that the boys death was accidental and that he probably had been buried by a cave-in while at play.

Stopped Night Sweats and Banished Cough

If you are suffering with a continued cough, cold or Lung Trouble which does not yield to any treatment, it might be of the greatest value to you to investigate what Eckman's Alterative, a medicine for the Throat and Lungs, has accomplished for many similar sufferers. Many who have investigated and used it have voluntarily declared that it was the means of saving their lives. Read this case:—

"Gentlemen: For four years I was troubled with a cough, which gradually became worse. I had night sweats and pains in my chest. I was losing my appetite and had become so thin and weak I could not attend to my household duties. A physician pronounced my disease Lung Trouble. Not being satisfied, I was examined by the physicians of the Polyclinic Hospital. They also confirmed my trouble, and I was ordered away for treatment. My nephew would not allow me to go until I had tried Eckman's Alterative. Before I had taken the medicine three weeks I had marked relief, night sweats ceased, pain in the breast relieved, cough became loose and easy, fever left me, and I commenced getting well. My health became normal. I am in excellent health now, and have been for twelve years."

(Signed) (MRS.) MARY WASSON.
Care Ed. Green, 1722 S. 17th St., Phila.
(Above abbreviated; more on request.)

HELPLESS AS BABY

Down in Mind Unable to Work and What Helped Her.

Summit Point, W. Va.—Mrs. Annelle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from woman trouble, and doctored lots for it, but with out success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you.

Try Cardui. Your druggist sells it.

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation. has been begun by prominent New York physicians. Here is a list of the "dont's" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff your self at meal time. Overeating reduces your resistance.'

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish this you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

SICK MAN'S MISTAKE DEADLY.

Takes Poison Instead of Medicine, and Dies Nine Days Later.

Trenton, Nov. 1—After having been in St. Francis' Hospital for more than a week Edgar Lewis, of No. 136 S. Broad street, died yesterday morning as the result of swallowing five bichloride of mercury tablets in mistake for medicine on October 21.

Lewis had been ill at his home and was lying on a couch in his room. He reached up and took a bottle from a mantle, and thinking it contained his medicine, swallowed the tablets. He immediately became seriously ill and was taken to the hospital after many attempts to free him from the poison, it was thought he would recover, but today his condition took a change for the worse.

GIRL CAPTIVE FOR A WEEK.

Is Finally Rescued From Alleged White Slavers.

New York, Nov. 1.—Josephine McLoughlin, a 14-year-old girl missing from home a week, and for whom a general police alarm had been sounded, was rescued yesterday afternoon from a band of alleged traffickers in women, who had taken her clothing from her and kept her prisoner since the night of her disappearance.

A note imploring aid was written by the girl yesterday morning and pushed through the shutters of a window. It fulttered down before the feet of a citizen. He notified the police, who made a spectacular raid of the place and took two prisoners.

The girl told the police that she left her mother's home on October 23 with a young man she had met a few days previously to attend a dance. Her escort took her, instead, to the flat from which she was rescued yesterday. There she met a man and a woman who confiscated her clothing and watched her closely.

John Hamilton, a driver, one of the girl's alleged captors, was locked up on the charge of abduction. A girl companion was charged with disorderly conduct. She said her name was Elizabeth Clark, and the police, searching the records, found that her disappearance from home had been reported a month ago by her fa' and that a general alarm for her,too, had been issued.

Late yesterday afternoon detectives arrested John Conklin, a driver, on a charge of having taken the McLoughlin girl away from her home and kept her a prisoner. The charge against the Clark girl was changed to one of abduction and the three prisoners were locked up in default of $2500 bail each for examination tomorrow.

KILLED WIFE BY REQUEST.

War Veteran Says She Asked Him to Strike Her.

Philadelphia, Pa., Nov. 1.—John Eberwein, an 81-years-old war veteran, of Virginia, who murdered his wife last Wednesday night by striking her with an ironing board, yesterday at the coroner's inquest declared that he killed the woman at her own request. He insisted upon being a witness.

"Allow me to tell you how my wife died," Eberwein pleaded with Coroner Knight. "Those men (meaning the witnesses against him) do not know anything about it."

He was allowed to become a witness.

"Lizzie fell down stairs. I helped her to get back to the dining room, but you know,I am old and could not pull her along like a young fellow. My arms gave out. She knew she was fatlly injured and asked me to kill her. I picked up the ironing board and struck her. She tnurned to me told me she was not dead. She told me to hit her again and I did."

Eberwein was held without bail to await the action of the grand jury. He is believed to be insane.

FIRST DEGREE VERDICT.

Mother of Three Guilty of Husband's Murder.

New Haven, Ct., Nov. 1.—Mrs. Bessie J. Wakefield, of Bristol, mother of three little children, was found guilty of murder in the first degree for her part in the killing of her husband, William, last June.

Mrs. Wakefield is not the first woman to be convicted of first degree murder in Connecticut, but no woman has beeen hanged in the state since 1786.

Evidence in the trial showed that Mrs. Wakefield and her paramour, James Plew, conspired to get rid of Wakefield. While Mrs. Wakefield took her children out for a walk, Plew partly drugged her husband, took him out for a walk for several miles and then shot him to death. A knife was driven in the body and a rope placed around the neck to give the appearance of suicide.

Mrs. Wakefield then reported to the police that her husband was missing, and she feared that he had ended his life. An investigation resulted in the arrest of the couple and both confessed.

TO THE PEOPLE OF MOUNT VERNON DISTRICT FAIRFAX COUNTY, VA.

On the 4th of November the voters of Mt. Vernon District will be called upon to decide whether they desire to be modern and up-to-date in their roads or prefer to use the old style roads of their ancestors, who did the best they possibly could to improve upon the old Indian Trails that led from the Chesapeake to the Alleghanies.

These pioneers never for a moment doubted that the Wilderness could be conquered, unless there was proper means of transporting themselves from one to another point.

The road built from the Chesapeake to the Mountains was built by men of intrepid determination and valor, and as they cut roads through the woods that were once a wilderness (and now Mt. Vernon district) they did not stop to ask whether the fellows who were to follow them would have to pay the expense of building the road, but carved their own way right to the mountains and to civilization and prosperity.

Suppose these pioneers had halted because they were afraid of a small additional road tax. Suppose they had halted because they felt that they were too hoeest to put a TAX ON THEIR GREAT GRAND CHILDREN.

Where would you be today, Mr. Foster? What would your farm be worth?

But leaving these old codgers, (of whom we are all so proud) out of the question, I would like to ask you this simple question.

Have you common sense enough to understand whether or not you would like to increase the value of your property from $50.00 an acre to twice or thrice that value?

Understand my friends that it is IMPOSSIBLE for you to go on in the old ruts and increase your farm value. THIS IS IMPOSSIBLE.

With good roads, you can sell, should you desire, your property at 100 per cent more than you can with poor or bad roads. And there is no voter in Mt. Vernon who is fool enough not to understand this.

YOU do not desire to sell your land; that proves your good sense; but HOW LONG IS YOUR LEASE ON LIFE?

If you have no lease on life, then your property may have to be sold for distribution among your heirs, or for other reasons; in any case you want it to be AS VALUABLE AS POSSIBLE, even if you live for many years.

WITH GOOD ROADS YOU ARE SENSIBLE ENOUGH TO UNDERSTAND THAT THE VALUE WILL BE INCREASED.

Now, if your acreage, which is now worth $50.00, will be increased to $100.00 and you are now paying a Road Tax of 30 cents on the hundred, or 15 cents on your acre, and will be taxed 30 cents an acre more if the Bond Issue is adopted, let's see what the result will be.

Present Tax, on one acre, land value (of course this is excessive), $50.00 equal to 15 cents.

The present Tax in 34 years would be $5.10.

The added Tax, including the present Tax, in 34 years would only be $10.20.

That is, that in 34 years YOU would only spend $10.20 on an acre, even if your land was assessed at $50 an acre, which it is not, and will not be for many years to come: but if it were, it would only cost YOU $0.20—NOT ALONE FOR THE BUILDING OF THE ROADS, BUT FOR THE MAINTENANCE AND THE SINKING FUND, which FUND will in less than this number of years pay off the entire debt, and you would have to pay $5.10 anyway or nothing.

WHAT OTHER COUNTIES ARE DOING.

Let us for a minute take up the report of the Virginia Highways Commission, and see what they have to tell us. Suppose we refer to the Sixth Annual Report, issued in 1912, on the 30th of September, and here is what we find:

AS TO WHAT OTHER COUNTIES ARE DOING.

Before giving the figures, please note that several of these localities have found that a bond issue has been of such benefit to the locality that they have doubled and quadrupled the issue.

WISE	700,000
Total, up to time of Report, since when other issues have been made	$4,966,000

From the above figures it will be seen that a number of the counties that have bonded have seen the good effects, and have RE-BONDED.

Suppose our friends who are afraid of placing a debt on their offsprings would be offered the alternative of having good roads to market and railroads, and paying TOLL, let us see how that would work out. If they averaged twice a week and paid ten cents, that would be twenty cents a week, or in a year $10.40, AND THEY WOULD STILL HAVE THEIR PRESENT ROAD TAX TO PAY, of $5.20. In other words, it would cost them $5.40 a year more than the property tax will.

Suppose we stop figuring and come down to solid tacks. All must acknowledge that every farmer in Mt. Vernon District is absolutely dependent upon the markets of Alexandria and Washington to sell the products he raises; therefore, in nearly all cases he has need for the roads between the two cities. There are, of course, exceptions, where the electric cars and the river can be used; but that is only incidental and proves that there are exceptions to all rules.

Under such conditions, is it the part of good sense for any voter in the District to vote against the means of getting what he has to sell?

Is it sensible for any voter who owns land in the District to vote against the value increase?

Is it sensible for any one who desires employment in the District to vote against a proposition that, if carried, will bring into the District capital and people who will give employment to labor?

The main problem before the voters of Mt. Vernon District is how to reach market. Once in Alexandria, the problem is solved, as the roads to Washington are good owing to the intelligence of the Alexandria County people, who have built good roads both to Alexandria and Washington.

As a matter of economy can the people of Mt. Vernon District afford to be without good roads while the people of Alexandria County and those of the upper districts of the county have comparatively good roads that reach both cities?

Any intelligent man can see at a glance that if Mt. Vernon District is behind in roads that the result will be that this great section of Fairfax will stay behind in progressive improvement.

It is said in these days that every one desires to secure SOMETHING FOR NOTHING. Well, we admit that that is a common failing, but the opponents of this bond issue are exceptions to the rule, for if the bonds are voted this year the District will SECURE FROM OUR GENEROUS OLD UNCLE SAM $16,000, and if the ISSUE FAILS Uncle Sam will spend his cash elsewhere. Mr. Voter, PUT THIS IN YOUR PIPE AND REMEMBER THAT NEVER AGAIN MAY THE CHANCE COME TO YOU TO GET THIS RAKE-OFF FROM YOUR OLD UNCLE.

This is not all. The State will allow you every six years $5,000, and our dear Old Fairfax will come round every six years with another $5,000, as in thirty-four years the State and County will furnish the District about $60,000 of the $90,000 indebtedness. This looks good. It may be said that the State and County will do this anyway. Admit that to be a fact, BUT YOUR UNCLE SAMUEL WILL NOT BE READY TO FORK OVER THAT $16,000.

Saby?

What YOU, Mr. Voter, desire to REMEMBER IS THAT you are getting THIS YEAR A BONUS OF $26,000 to help you build $116,000 worth of roads, and doing more in a single year to ADVANCE THE VALUE OF YOUR REAL ESTATE than has been done in the last fifty years.

It may be as well to state that all of this money will be spent under THE DIRECTION OF THE STATE AND FEDERAL GOVERNMENTS and that it will be under CONTRACT and that there will be no chance to waste it or to give an opportunity for graft. Graft we believe is an unknown quantity in Fairfax, but sometimes there is a lack of discretion and knowledge; but the best that the Government and State can afford will be used in this case. So, Mr. Opponent to the Bond Issue, eliminate that idea from your catalogue of opposing points.

When all of these matters are considered, when the necessity for improved roads are so plain, when the result must of course be the enhanced value of property, and the negligible increase in taxation, it appears preposterous that an intelligent community, once the foremost in the State, could for a moment hesitate about improving and bringing this most desirable section into the highest state of modern improvement and in connection with the Nation's capital and the historic city of Alexandria. It should not be forgotten that there is and has been for years an effort on foot to build through the District a highway to Mt. Vernon, which, if built, will ultimately do great good to the District, in every way, and it SHOULD BE REMEMBERED THAT THE GODS HELP THOSE WHO HELP THEMSELVES. Why not say that the Government helps those who help themselves.
